EDUCATION

St. Lawrence University, Canton, NY

Expected: May 2028

Bachelor of Science, Major: Data Science | Minor: Political Science

GPA: 3.620/4.000

- International Scholarship Recipient — \$160,000 awarded over four years
- Relevant Coursework: Intermediate CS, Linear Algebra, Intro to Statistics, Differential Equations, Calculus I & II, Bridge to Higher Mathematics, International Relations, Comparative Politics
- Honors: Deans List: (Fall 2025)

Strathmore School, Nairobi, Kenya

Dec 2022

Kenya Certificate Secondary Education

PROJECTS

Developer, SDE Quantitative Trading Research

Jun 1 - Jul 3,

2026

- Applied an Ornstein-Uhlenbeck mean-reversion model from scratch in Python to generate statistical arbitrage signals for cryptocurrency perpetual futures pairs, including closed-form spread/probability analytics and a 6-gate entry.
- Diagnosed and confirmed a live order-routing bug in Nautilus Trader 1.228, isolated variables across instruments with disjoint price ranges to produce reproducible evidence of the third-party framework defect
- Validated closed-form reversion-probability formulas against 10,000-path Monte Carlo simulations, catching a ~6-7% approximation gap and feeding the correction back into signal calibration

Developer, Counter-Strike 2 Market Tool

Feb 2026

- Engineered a Python-based logic engine to identify "Golden Funnels" in the CS2 skin economy
- Tracked 400+ items, uncovered 40 high-value trade-up contracts with a minimum 2x ROI
- Ran 500+ Monte Carlo simulations to validate profitability
- Implemented in-game formulas for precise skin degradation calculation
- Designed a SQLite database schema enabling rapid brute-force simulations for optimal trade-up combinations

EXPERIENCE

Permaculture Garden Coordinator, St. Lawrence University, Canton, NY

Jun 2026 – Present

- Captured 360° video survey of the garden and developing an interactive digital map to enable future coordinators to identify plants and navigate the space without prior knowledge
- Managed day-to-day operations of a permaculture garden, coordinating volunteers and producing food donations for the campus food pantry

Peer Tutor, St. Lawrence University, Canton, NY

Jan 2026 – Present

- Tutor fellow students in Intermediate CS, Linear Algebra, Intro to Statistics, Intro to CS, Calculus I & II
- Deliver 1:1 and small-group sessions, adapting explanations to diverse learning styles and academic backgrounds

Camp Counsellor, Canaras Alumni Camp, Adirondacks, NY

May 2025 – Aug 2025

- Supervised and facilitated outdoor sports programming for 80 rotating alumni per week throughout the summer
- Maintained a safe and engaging environment across all water activities by upholding New York Boater Safety laws
- Led waterskiing instruction by training and coaching 30+ campers per session in safe water-skiing technique
- Facilitated on-site conference meetings for visiting groups, coordinating logistics for 50+ attendees per session
- Served as liaison between campers and administrative staff, ensuring smooth operations for 80 individuals weekly

Student Senator, St. Lawrence University, Canton, NY

Aug 2024 – Dec 2024

- Led initiative to reform sexual assault reporting procedures on campus, driving policy changes university-wide
- Designed and conducted a comprehensive campus survey reaching 100+ students to identify barriers to reporting
- Analyzed survey data to develop evidence-based recommendations to the school

Team Captain, First Global Kenya, Nairobi, Kenya

May 2024 – Aug 2024

- Led Kenya's national team of 5 at the First Global International Robotics Olympiad, in design, build, and strategy
- Engaged ~100 children per week for hands-on mentorship, organizing meal provisions and outreach
- Localized popular games into Python to improve participant accessibility and engagement

Front-End Intern, Tailgate, Nairobi, Kenya

Mar 2023 – Sep 2023

- Contributed to a cross-functional team of 3–5 developers building a social mobile app MVP
- Assisted in user profile interface across 3 full design iterations (light/dark mode, and ID-card style profile concept)
- Implemented client-side logic using JavaScript and local state management

SKILLS

Languages: Native English, Fluent Swahili

Technical Skills: Python, JavaScript, SQL (SQLite), GitHub, Figma, Expo, CCXT, VS Code, Cursor AI, Discord, Microsoft Word, Excel, PowerPoint, Outlook, OneNote
